ADSL Services Price List

WiseNet is a broad range of Internet services for individuals, professionals, businesses, corporates and other organisations.

ADSL - Asymmetric Digital Subscriber Line, is a cost-effective high speed connection to the Internet via existing telephone cable. Generally known as broadband, speeds of up to 10 mega bits per second are possible. An ADSL modem or router is required to connect, this can also serve as a local wireless hot spot. In addition to our monthly access costs, you will also pay Telkom a monthly fee for the line rental, depending on what speed you select. We offer a complete range of ADSL Internet connection packages, all are on a month-to-month basis and can be changed to suit your needs.

Home ADSL Capped Accounts are the budget solution for most individual and home Internet users. Package can be selected according to your use. If the cap is used up, we can provide a Top Up for that month, there are a range of options. The **Red Eye** budget is an extra amount that can be used between midnight and 06h00

ADSL Capped Home Accounts	<i>Code</i>	<i>Price</i>
5GB WiseNet ADSL-1 Capped Home Account (+20GB Red Eye)	11386	39.00
